

THE FOUNDATION OF EXCELLENCE
A research first approach of perfecting turfgrass performance.

Premium Tall Fescue Brand

SUNGOLD™

SUNGOLD is the newest technology in tall fescue developed by Pure-Seed Testing (Rolesville, NC & Canby, OR). Sungold's self-repairing system is more than just spreading tall fescue—it contains the best and most resilient tall fescue cultivars ever developed by PST.

TWCA® = DROUGHT TOLERANCE

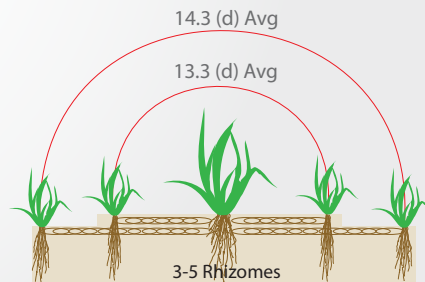

SUNGOLD has extensive recovery from drought and significant water reducing capabilities. Qualified by the **Turfgrass Water Conservation Alliance**, the components of **SUNGOLD** have gone through the most rigorous drought tolerant testing to ensure the highest standards for tolerance on the market.

A HEALTHIER TURFGRASS

SUNGOLD has an unbeatable resistance to Brown Patch and its dense root system gives it excellent performance under stress. Sungold's deep rooting ability gives it greater resilience under reduced irrigation during periods of drought. Improved salt tolerance allows for irrigating with brackish water. **SUNGOLD** provides an entire recovery system, which delivers a beautiful healthy turfgrass solution.

*NOTE: **SUNGOLD** may contain Rain Dance, Sallitilo, Inspiration, Cumberland, Jump start KBG

SELF-REPAIRING SYSTEM

* diagram illustrates increased tillering and rhizome count.

The increased tillering allows for self-repairing and makes **SUNGOLD** ideal for high traffic areas, low input sports turf, sod production (recommend 5-10% Jump Start rapid establishing Kentucky bluegrass), and makes it an ideal selection for home lawns.

PRODUCT FEATURES

- Rapid Spreading capability
- Excellent Drought Tolerance
- Extreme Brown Patch Resistance
- Quick Germination
- Extensive Root System
